SUPERFINE PROTEIN⁺

Protein from Nature...

...Live Strong

2050

Increased Population

Not Enough Food

Decrease in Protein Available

Antibiotics & Chemical Contaminate
Available Protein

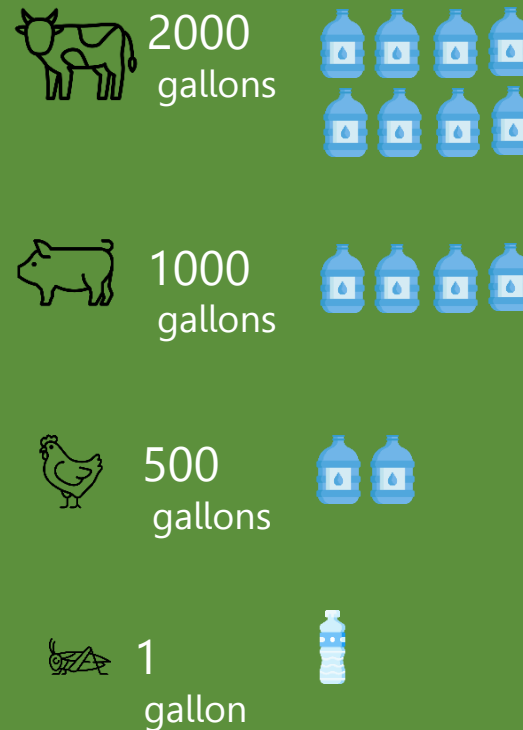

Why Cricket

**1 KG
of
PROTEIN**

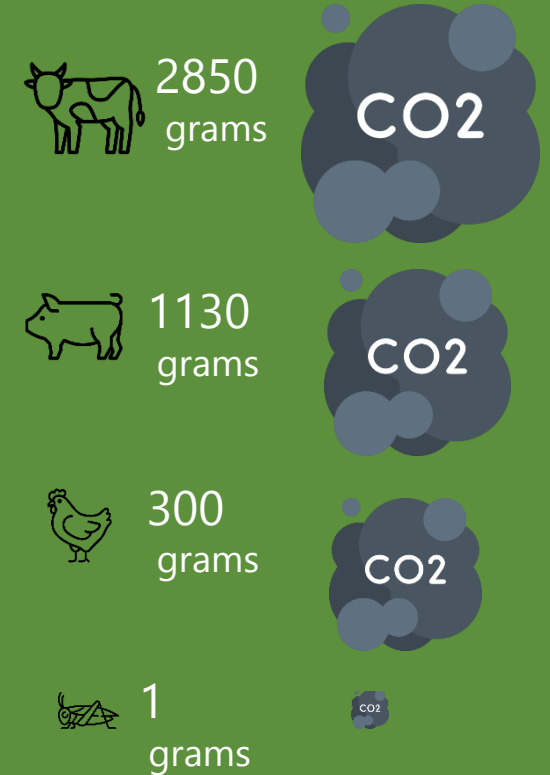

Less Feed

Less Water

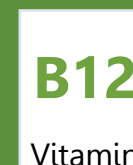

Less Greenhouse gasses

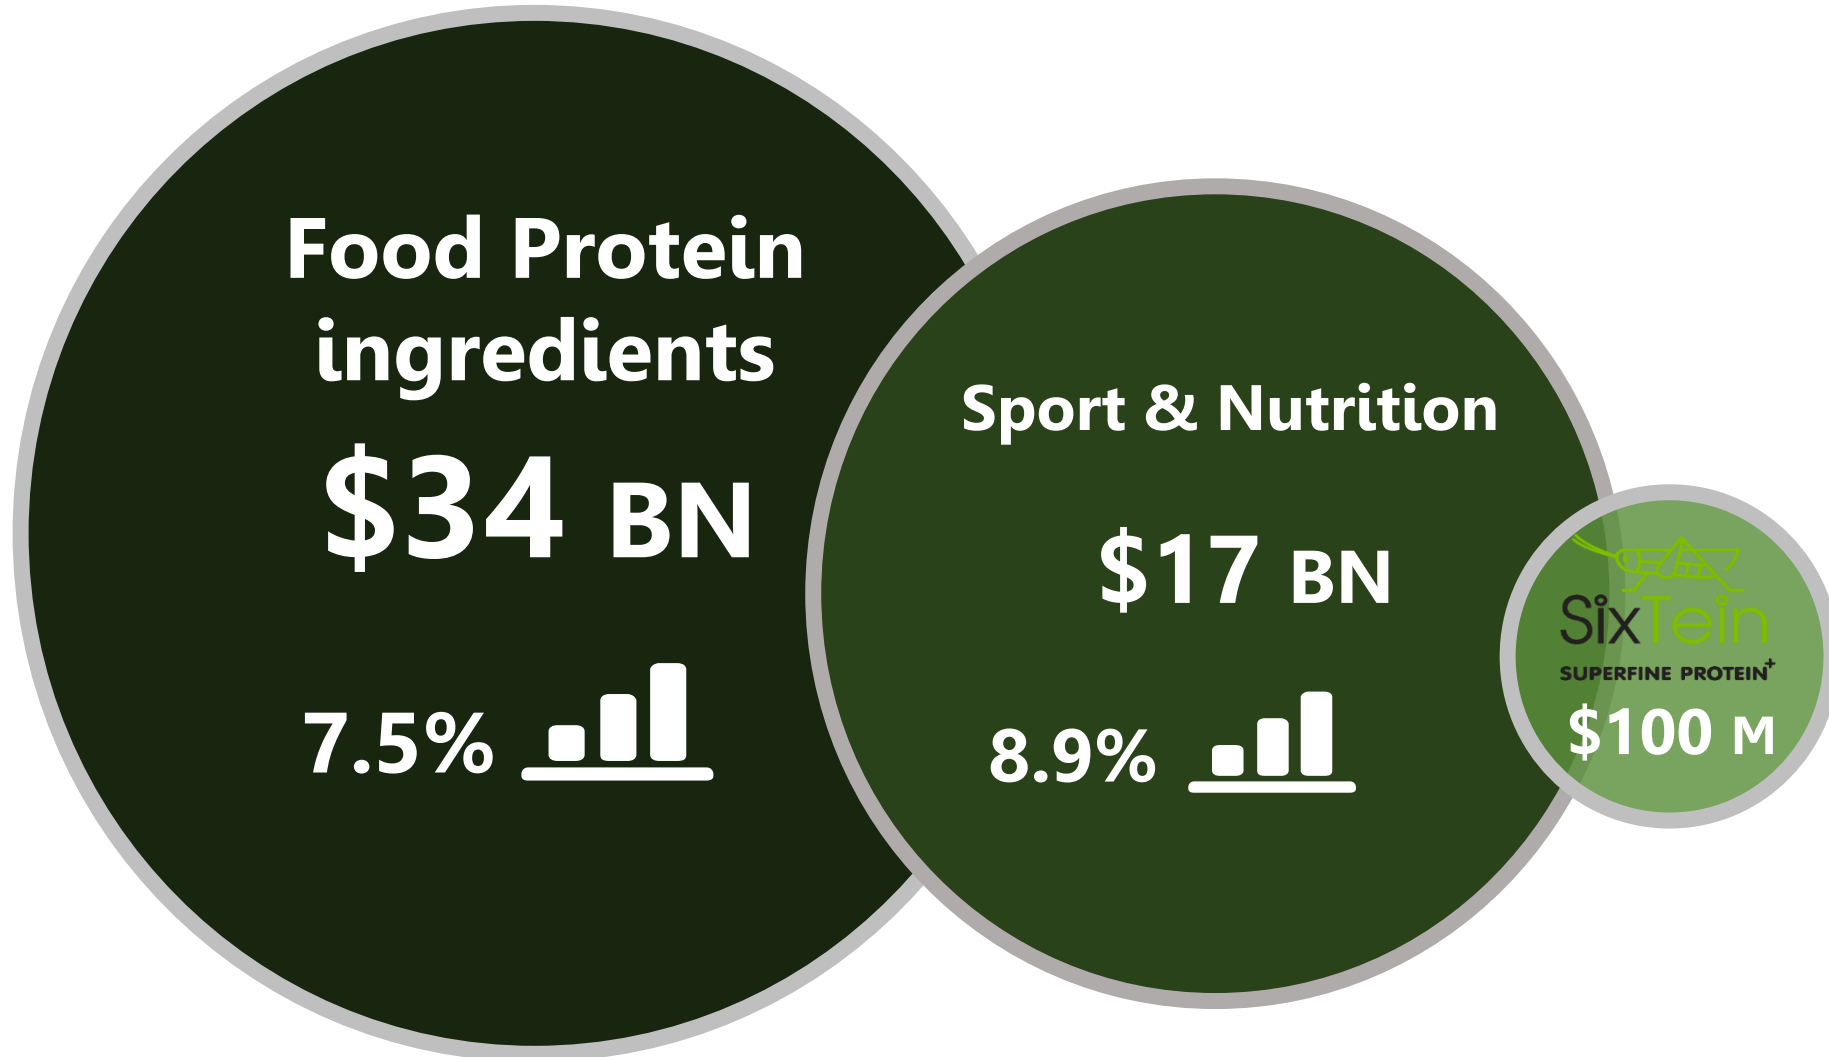

*crickets.org

**Highly
Nutritious**

Market Opportunity

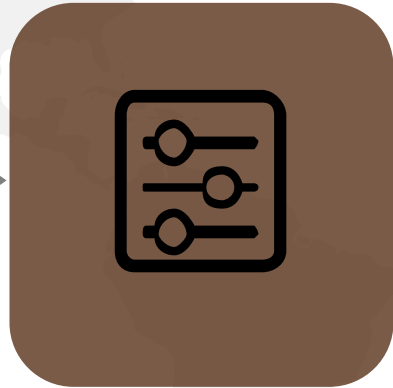

Competitive advantages

Innovative Sustainable Efficient Conservable

- ✓ Production costs reduced by **30%**
- ✓ Minimal waste

- ✓ High quality
- ✓ Customized
- ✓ Flexible
- ✓ High Valued Co-Products

- ✓ Scalable > **10 ton/h**
- ✓ Highly Applicable

Automation Process

FSSC 22000

1st in Asia

Production Capacity

Powder

1,200
MT/Year

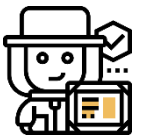

Crickets

(as Raw Material)

4,800
